

About IS Graphics

Last Updated Wednesday, 18 April 2007

We make your image our business with over 16 years experience!

in graphic design, printing, advertising, web design, news print and signwriting services.

IS Graphics is not new to business in fact it's just an off shoot of Tradewise Promotions we've simply transfered all our printing and our new full colour digital sign systems to trade under the banner of Image Sic Graphics (IS Graphics).

The new trading name has become necessary to avoid confusion and simplify the many products and services handled by Tradewise Promotions. However, IS Graphics will simply be the printing, signs and displays division of Tradewise Promotions.

IS Graphics Designer Steve Cox, has "grown" with computers since the early nineties and has a wealth of experience in Graphic Design, Typesetting, Advertising, Printing, Retail Display, News Print, Web Design and Signwriting Industries.

We give you Business the opportunity to "cash in" on this graphical knowledge database. Steve will personally oversee all operations designing to your requirements, from a simple sign to complex corporate brochures we have the solutions.

IS Graphics take pride in working with the client, you will be kept up to date with all the design processes. And, we welcome your input, after all it is your project, we are simply the tool for getting the job done.

Tradewise Promotions will continue to operate but only offer non tangible digital services for web site design, hosting and website marketing and associated specialised computer training.

Should you require any further information please contact us to discuss your individual needs.
